

# Certified Publishing Consultant Program

## \$3,995

The My Word Publishing Certified Publishing Consultant Program trains you to the point where you can open your own publishing consulting business and help authors publish their books.

The course includes 30 hours of training in classes of 1 to 3 people. (Hours could vary depending on how long it takes the group to get through all the modules. Some groups may take longer than others.)

We teach you how to name your publishing consulting company, how to find clients, how to do a consultation (aka "needs analysis"), even give you business record keeping tools.

Training videos that take you step by step through the process of producing, publishing, and distributing a book.

This course includes a complete set of documents to manage an entire book production project -- including contracts drafted and honed by a contract attorney

Access to updated documents and training videos as long as you're in training. (For at least six months after the initial course)
